

Product Information

IBS Storage Tray H20

Issue 06/2008

Art.-No.2130002

Field of Application

The storage tray H 20 complies with the provisions of the WHG (Water Resources Act) as well as the VawS (Ordinance on Installations for Handling Water-Polluting Substances) and serves an environmentally friendly storage as well as the internal transport of water hazardous substances. The IBS storage tray type H 20 has a storage capacity of 4 x 200 litre drums (or a corresponding number of other container sizes).

Safety

IBS storage trays consist of a robust steel sheet design. They are tested for the TÜV type examination and approved for the storage of highly flammable (R12), highly inflammable (R11) and flammable liquids according to the German Health and Safety Regulations.

The removable and hot-dip galvanized gratings are used as resting surfaces, ensure a clean storage and prevent contact with possibly leaking liquids.

Technical Data

Dimensions (L x W x H):	1250 mm x 1210 mm x 270 mm
Capacity in litre:	200
Weight in kg:	118
